

Our **swim line** is a hollow braided 12 strand rope using 100% polyolefin high tenacity co-polymer fiber. It is designed with single or two ply construction depending upon nominal size. It is designed for commercial and marine applications where an easily handled, high strength, floating rope is required. It has excellent abrasion resistance, will not mildew or rot, and is easily spliced.

Suggested Uses:

- General Marine
- Floating Towline
- Commercial Marine
- High Dielectric Winch Lines & Safety Lines

Features:

- Non-Rotating
- Torque Free
- Lightweight
- High Strength
- UV Stabilized
- High Dielectric
- High Visibility
- No Water Absorption

Swim float features:

- Tough, Ultra-violet inhibited, Polyethylene shell
- Locks on 1/2" rope without fastener
- Two sizes available: 3"x 5" or 5"x9"
